The KAFALA BROTHERS ANGOLA

Music from ANGOLA

NEW - MUSIC FROM ANGOLA

AA Enterprises is pleased to announce the launch of its own record label: **AA Enterprises Records**.

The first two records to be released are both from the People's Republic of Angola. They represent contrasting styles of modern Angolan music.

The first LP is by the **Kafala Brothers** and was recorded during their visit to London last year. One critic described their concert as "one of the most engaging and beautiful performances that I, for one, have witnessed for ages". They sing in Portuguese and two of the Angolan national languages: Kimbundu and Umbundu.

The second LP is by **Trio AKA** and is an example of modern urban dance music. The style has been strongly influenced by Congolese and Zairean rhythms. This record was recorded in Luanda.

CAFE VITORIA

Cafe Vitoria is a fine blend of medium roast, fine ground coffee from two of the Front Line States – Angola and Zimbabwe. Coffee is an important export for both these countries.

Angola, once one of the world's leading coffee exporters, has been under continuous attack by South Africa since its independence in 1975. Thousands of people have

been killed or disabled, and much of the country's economic infrastructure has been destroyed. Buying and drinking its excellent coffee is one way to support Angola's struggle for peace and development.

Cafe Vitoria is also available in bulk. For £48 (including postage and packing) we will send you a carton of 30 x 30g vacuum packs of fine ground coffee. (Ask us for details of prices for larger quantities and for 30g and 40g catering sachets.)

THE ANC AND SWAPO

The African National Congress and SWAPO are the liberation movements of South Africa and Namibia respectively.

The ANC, formed in 1912, is Africa's oldest freedom movement, and has since gone from strength to strength. It inspires and mobilises South Africans from every corner of the country in the fight to destroy apartheid and for a democratic, non-racial, non-sexist South Africa.

SWAPO has fought South Africa's illegal occupation of Namibia since its foundation in 1960. SWAPO demands freedom and independence for Namibia now and the chance to build a peaceful, united country.

ENTERPRISES

AA ENTERPRISES – TRADING AGAINST APARTHEID

AA Enterprises is a workers' co-operative set up to promote trade with the Southern African Front Line States and to raise funds for the Anti-Apartheid Movement in Britain. It seeks to win support, through its trading activities, for the Anti-Apartheid Movement's campaign for sanctions and the boycott.

Britain remains one of the apartheid regime's top trading partners. And the British government, defying public opinion and the world-wide campaign for economic sanctions, remains firmly committed to increasing these trade links.

The Front Line States, forced to defend themselves and their economies from unrelenting South African assault, need new trade links with the rest of the world. Positive trade with the Front Line States is an important part of the sanctions campaign and the overall fight against apartheid.

AA Enterprises is developing direct links of trade, friendship and anti-apartheid solidarity with partners in the six Front Line States – Angola, Botswana, Mozambique, Tanzania, Zambia and Zimbabwe.

If you would like further information about our work, please get in touch with us at PO Box 533, London, N19 4SS. Tel 01-281 7878.
