The Anti-Apartheid Movement says -

## **BOYCOTT APARTHEID, BOYCOTT DE KLERK!**

The head of the apartheid state - F. W. De Klerk - is on a tour of Europe. It is his 'reward' for the recent steps he has taken such as the release of Nelson Mandela and the unbanning of the ANC.

De Klerk is hoping this tour will open the way to the lifting of sanctions and the ending of apartheid South Africa's international isolation. On Saturday 19th May, he will be meeting Mrs Thatcher (most probably at Chequers) to thank her for spearheading the campaign to bring South Africa in from the cold.

We are opposed to this tour and any other 'rewards' for De Klerk. As Nelson Mandela stressed in the message at Wembley Stadium which he delivered to the world:

**"Apartheid continues to kill and maim".**

Nelson Mandela also stressed in the same message:

**"Do not listen to anyone who says that you must give up the struggle against apartheid. . . . It is only those who support apartheid who can argue that the Pretoria government should be rewarded for the small steps it has taken such as our release and the unbanning of the ANC and other organisations".**

More fundamentally, DE Klerk remains committed to the basic concepts of apartheid -although now revamped as 'group rights'. Addressing the racist parliament on 17th April he stated:

**"We believe that majority rule is not suitable for a country like South Africa".**

Help us to ensure that De Klerk gets a clear message that he is not welcome in Britain and that we will not relax our efforts until apartheid is destroyed and a united, non-racial and democratic South Africa has been created.
